INDEX

VOL. XLIV, 1951

Note.—In this volume two series of numbers are used for pagination, one being the sectional page number and the other the volume page number. The latter only is used in the Index.

- abdomen, acute (*Discussion*), 533
 abdominal pain, recurrent, in children (D. F. O'Neill), 721
 acanthosis nigricans, idiopathic (P. M. Inman), 362
 acne, history of (R. N. R. Grant), 647
 acromegaly associated with Paget's disease (C. D. Farris), 49
 acropachy, thyroid (R. Greene), 159
 A.C.T.H., see adrenocorticotrophic hormone
 actinomycosis, cervico-facial (A. B. MacGregor), 55
 of jaws, in antelope (A. E. W. Miles), 865
 Addison's disease in childhood (A. Russell and C. T. Potter), 957
 adipose gynandrium and gynism (S. L. Simpson), 453
 adrenal tumour (T. M. D. Gimlette and H. J. C. Swan), 411
 adrenocorticotrophic hormone (*Symposium*) (*By title*), 960
 abnormal response of adrenal virilism to (A. S. Mason), 162
 adrenogenital syndrome due to adrenal cortical carcinoma (A. W. Spence), 161
 Agassiz, C. D. S., cerebral palsy (*Symp.*), 83
 Ainslie, D., the newer antibiotics in ophthalmology (*Disc.*), 739
 Ainsworth-Davis, J. C., stones in the lower third of the ureter (*Disc.*), 940
 air evacuation (*Discussion*), 945
 Alcock, H. B., anaesthesia in ophthalmic surgery (*Disc.*), 173, 176
 Alexander, P., the macromolecular structure of keratin fibres, 389
 alimentation, parenteral, in relation to nitrogen balance and liver damage (S. A. Doxiadis), 5
 alkaptonuria with ochronosis (P. A. Cooper), 917
 Allchin, F. M., the vulnerability of the eustachian tube (*Disc.*), 304
 Allen, H. W., see Wauchope, G. M.
 American beryllium industries, disease in (H. L. Hardy), 257
 anaemia, hypochromic, with bone changes in the skull (B. M. Laurance), 298
 sickle-cell (P. M. M. Pritchard), 298
 anaesthesia, fires and explosions connected with (W. A. Low), 219
 in ophthalmic surgery (*Discussion*), 169
 supplementary use of analgesics in (W. W. Mushin), 840
 analgesics as supplements during anaesthesia (W. W. Mushin), 840
 anastomosis of small intestine to anus after colectomy (S. O. Aylett), 196
 Anderson, A. F., Grant, M. P. S., and McBryde, R. M., cytology in the diagnosis of cancer of the uterus (*Disc.*), 308
 Anderson, Daphne S. (*Disc.*), 240, 580
 Anderson, H. F., primary cancer of the urethra (*By title*), 442
 Anderson, I. M. (*Disc.*), 230
 complete transposition of viscera with dextro-rotation of the heart and transposition of great vessels (*By title*), see Artherton, M. W.
 tricuspid atresia (*By title*), see Artherton, M. W.
 Anderson, J. C., abnormal function of the upper urinary tract, 925, 932, 933
 and Hynes, W., plastic operation for hydro-nephrosis, 4
 Andrewes, C. H., epidemiology of influenza in the light of the 1951 outbreak, 803
 influenza (*Disc.*), 271
 aneurysm, arteriovenous, associated with melo-rheostosis (R. O. Murray), 473
 calcified, of coronary arteries (J. J. Kempton), 733
 angiolipomata, multiple, and hypersomnia (H. Dimsdale), 690
 angiomatous malformation (R. N. Ironside), 692
 (J. P. Martin), 845
 anoxia, role of, in psychiatric conditions (J. W. Lovett Doust), 347
 antelope, actinomycosis of jaws in (A. E. W. Miles), 865
 antibiotics, newer, in ophthalmology (*Discussion*), 737
 anticoagulant, dextran sulphate as (K. Walton), 563
 aorta, coarctation of, with congenital oedema of feet (O. D. Fisher), 295
 apical resorption (F. Fraser), 55
 Ardran, G. M., and Kemp, F. H., the mechanism of swallowing, 1038
 Army, industrial health in (M. R. Burke), 103
 Arnott, W. Melville, the management of thrombo-phlebitis (*Disc.*), 499
 arteritis, temporal (P. C. P. Cloake), 847
 arthritis, gouty, pathogenesis of (D. H. Collins), 288
 hypertrophic, with neurological lesion (J. H. Mayer), 249
 rheumatoid, juvenile (J. H. Middlemiss), 805
 arthrogryposis multiplex congenita (R. H. Metcalfe), 472
 Artherton, M. W. (for I. M. Anderson), complete transposition of viscera with dextro-rotation of the heart and transposition of great vessels (*By title*), 1064
 tricuspid atresia (*By title*), 1064
 Artz, Curtis P. (with E. J. Pulaski, J. R. Shaeffer, W. E. Huckabee, R. C. Mitchell and J. P. Russell), the treatment of burns in large numbers (*Disc.*): the exposure (open) treatment of burns (*By title*), 584
 Asfoury, Z. M. El, see El Asfoury, Z. M.

- Ashton, Norman H.**, a contribution to glaucoma pathology (*Disc.*), 188
diabetic retinopathy (*Disc.*), 747
- Atkins, H. J. B.**, frozen-section technique (*Demonst.*) (*By title*), see Stebbing, J. G.
ulcerative colitis treated by total colectomy (*Demonst.*) (*By title*), 432
- awareness, physiology of** (J. W. Lovett Doust), 347
- Aylett, Stanley O.**, Crohn's disease of whole of colon (*By title*), 200
total colectomy for carcinoma of rectum and hepatic flexure, with anastomosis of small intestine to anus, 196
- Badenoch, A. W.**, the bladder neck in urinary obstruction (*Disc.*), 437
stones in the lower third of the ureter (*Disc.*), 941
- Bailey, Norman L.**, the newer antibiotics in ophthalmology (*Disc.*), 738
- Baker, L. Rendell**, see Rendell-Baker, L.
- Ballard, C. F.**, the problem of "the clicking jaw" (*Disc.*), 372
- Bamford, C. H.**, molecular configuration and physical properties of polypeptides and proteins, 393
- Bamforth, J.**, cytology in the diagnosis of cancer of the uterus (*Disc.*), 305
- Band, David**, abnormal function of the upper urinary tract (*Disc.*), 932
- Barber, G. O.**, social medicine (*Disc.*), 910
what is general practice? (*Disc.*), 113
- Barnard, W. G.**, the place of pathology in undergraduate medical education (*Symp.*), 527
- Barnes, Mita**, the use of hypotensive drugs in surgery (*Disc.*), 839
- Batchelor, J. S.** (*Disc.*), 466
- Bateman, G. H.**, the vulnerability of the eustachian tube (*Disc.*), 304
- Bauwens, Philippe**, electromyography (*Symp.*), 989
- Bayon, H. P.**, the lifework of William Harvey and modern medical progress, 213
- Beach, W. V.**, the treatment of burns in large numbers (*Disc.*), see Walsh, D. F.
- Beck, Diana J. K.**, cervical hæmatomyelia causing profound tetraplegia and loss of sensation in a patient with congenital heart disease: recovery after operation, 333
- Beck, G. A.** (with H. T. Calvert), sclerodema adultorum of Buschke (*By title*), 362
- Bedford, D. Evan**, pulmonary heart disease (*Disc.*), 597
- Bedford-Turner, E. W.**, the operative and conservative treatment of perforated peptic ulceration (*Disc.*), 281
- Beer, B. V. A. Low**, see Low-Beer, B. V. A.
- Behnke, Albert R.**, experimental approaches to obesity (*Disc.*): measurement of the fat and water content of the body in relation to obesity, 902
- Bell's palsy**, pathology and surgical treatment (T. Cawthorne), 565
- Benjamin, B.**, influenza 1951 (*Disc.*), 796
- Bentley, J. F. R.**, the operative and conservative treatment of perforated peptic ulceration (*Disc.*), 280
- beryllium industries in America**, disease in (H. L. Hardy), 257
- Bett, W. R.**, Frank Thomas Paul—centenary of his birth, and his achievement (*By title*), 1012
Henry Hugh Clutton (1850–1909): a centennial note, 71
the os penis in man and beast, 433
- Bettley, F. R.** (*Disc.*), 679
progressive symmetrical scleroderma with sclerodermatous nodules, see Seville, R. H.
recurrent leg ulceration (*By title*), 246
tricho-epithelioma and syringoma (*By title*), see Fairburn, E. A.
an unusual mycotic infection, see Samman, P. D.
- bile duct**, common, repair of injuries to (*Discussion*), 1005
extrahepatic, benign stricture (H. K. Gray), 1005
- biochemical aspects of hypoglycaemic coma** (W. W. Kay and A. S. Thorley), 973
(A. S. Thorley and W. W. Kay), 969
changes in obstruction of colon (E. W. Grahame), 424
- biopsy**, value of in rhinolaryngology (*Discussion*), 1022
- Biraud, Yves**, epidemiological aspects of the work of the World Health Organization, 905
- Birkbeck, M. Q.** (for W. S. Tegner), a form of Ehlers-Danlos syndrome (introduced by P. S. Hall-Smith) (*By title*), 678
- birthmarks and moles** (D. N. Matthews), 609
- Bishop, P. M. F.** (*Disc.*), 158
ACTH and the gonads (*By title*), 960
and De Mowbray, R. R., post-partum Simmonds' disease with subsequent pregnancy and spontaneous improvement, 163
pseudohypoparathyroidism, 952
- Black, J. I. Munro**, the value of biopsy in diagnosis and treatment of diseases of the nose and throat (*Disc.*), 1028
the vulnerability of the eustachian tube (*Disc.*), 304
- Blackburn, G.**, reticulum-celled sarcoma of the rectum (*Demonst.*) (*By title*), 432
- Blackwood, H. J. J.**, and Lucas, R. B., neurofibroma of the mandible, 864
- bladder neck** in urinary obstruction (D. M. Wallace), 434
tumours, treatment by irradiation (*Discussion*), 942
- Blenkinsop, A.**, social medicine (*Disc.*), 909
- blind**, education and employment of (*Discussion*), 980
- blood-vessels**, surgery of (*Discussion*), 995
- Bodman, R. I.**, problems of developing muscle-relaxants in the laboratory (*Disc.*), 635
- Bogdan, Andrew**, a new technique in the diagnosis of pertussis, 1065
(for N. O. Richards), microcephaly with chorioretinopathy, cerebral calcification and internal hydrocephalus, 225
- Bohn, G. L.** (*Disc.*), 156
- bone**, fibrous dysplasia of, in jaws (F. L. Ingrassia), 549

- books received, 18, 168, 374, 464, 548, 718, 872, 912
- Borrie, P. F., pemphigus erythematodes (*By title*), 362
- and Haber, H. lipomelanotic reticulosis (*By title*), 580
- Bourne, J. G., an assessment of flaxedil (gallamine triethiodide, B.P.) (*Disc.*), 387
- Bourne, W. A., is obesity an endocrine problem? (*Disc.*), 952
- and Wagstaff, J. K., Sjögren's syndrome, 406
- Bowden, Ruth E. M., electromyography (*Symp.*), 991
- the pathology and surgical treatment of Bell's palsy (*Disc.*), 571
- bowel, large, functions of (Sir Heneage Ogilvie), 200
- management of acute obstruction due to carcinoma (*Discussion*), 779
- Bowers, R. E. (*Disc.*), 678
- Boyd, A. M., the management of thrombophlebitis (*Disc.*), 506
- the treatment of intermittent claudication (*Disc.*): the underlying arterial condition, 985
- Boyd, J. D. (with W. J. Hanfilton), observations on the human placenta, 489
- Bradley, W. H., influenza 1951 (*Disc.*), 789
- social medicine (*Disc.*), 909
- Brain, R. T., adenoma sebaceum (*By title*), see Calnan, C. D.
- Brain, W. Russell, the cerebral basis of consciousness (*Pres. address*), 37
- brain calcification, microcephaly, internal hydrocephalus and chorioretinopathy (A. Bogdan), 225
- patchy (R. C. Lightwood), 228
- dysrhythmia, diagnosis by method of photic stimulation (R. S. Hodge), 321
- ? gliomatous degeneration (R. C. Lightwood), 228
- parietal lobe syndrome (*Discussion*), 337
- Brety, J., tuberculin in human and veterinary medicine (*Disc.*): new methods of purifying tuberculin, 1053
- Brewer, Douglas B., renal clearance of dextrans of varying molecular weights, 561
- Briggs, J. N. (for R. S. Illingworth), generalized scleroderma (*By title*), 12
- Brock, R. C., the surgery of the heart and great vessels (*Disc.*), 995
- bronchial obstruction, role of laryngologist in (A. M. Zamora), 231
- Brook, A. L. Eyre, see Eyre-Brook, A. L.
- Brooksbank, B. W. L. (with F. T. G. Prunty, B. E. Clayton and R. R. McSwiney), metabolic reactions to the administration of ACTH (*By title*), 960
- Broomhead, R., the management of osteoarthritis of the hip-joint (*Disc.*), 15
- Brøster, L. R. (*Disc.*), 955
- Brown, Felix (*Disc.*), 735
- Browne, Denis J., neo-natal intestinal obstruction, 623
- the treatment of congenital hypertrophic pyloric stenosis (*Disc.*), 1057
- Browne, J. C. McClure, X-rays and their value in the localization of the placenta (*Disc.*): localization of the placenta by means of radioactive sodium, 715
- Bull, G. M., symmetrical cortical necrosis of the kidneys (*Disc.*), 404
- Bull, James W. D., some less common cerebrovascular diseases (*Disc.*), 858
- Bunton, G. (for D. Levi), osteoporosis (*By title*), 1064
- urinary incontinence treated by nerve anastomosis (*By title*), 1064
- Bunyan, John, the treatment of burns in large numbers (*Disc.*), 593
- Burke, M. R., industrial health in the Army, 103
- Burkinshaw, J. H., the treatment of congenital hypertrophic pyloric stenosis (*Disc.*), 1063
- Burn, J. L., influenza 1951 (*Disc.*), 801
- burns, treatment of in large numbers (*Discussion*), 581
- Burrows, N. F. Elliott (for Norman Hill), ferrous sulphate poisoning, 297
- Bush, I. E., adrenal cortical secretion and its relation to the pituitary gland (*By title*), 950
- Butler, E. C. B., chordoma of the sacrum, 195
- Butler, N. R. (for B. E. Schlesinger), generalized retardation, with renal impairment, hypercalcaemia and osteosclerosis of skull, 296
- Butler, T. J., post-gastrectomy syndromes (*Disc.*): the aetiology of the early post-gastrectomy syndrome, 775
- Buxton, St. J. D., plastic replacement of femoral head—5 cases, 465
- polyarthritis with unusual bone changes, see Waugh, W.
- Cade, Sir Stanford, air evacuation (*Disc.*), 947
- fibrosarcoma (*By title*), see Prossor, T. M.
- soft tissue tumours: their natural history and treatment (*Pres. address*), 19
- Cairns, R. J. (for G. B. Mitchell-Heggs), lichenoid gold eruption (*By title*), 246
- (for G. B. Mitchell-Heggs and G. W. Pickering), polyarteritis nodosa treated with ACTH (*By title*), 678
- calcification, intracranial (R. C. Lightwood), 228
- hydrocephalus, and sexual precocity after tuberculous meningitis (J. Lorber), 726
- calculi in lower third of ureter (*Discussion*), 933
- Calnan, C. D. (for R. T. Brain), adenoma sebaceum (*By title*), 880
- Calnan, W. L., osteochondrosis of the tibia, 725
- Calvert, H. T., and Beck, G. A., sclerodema adultorum of Buschke (*By title*), 362
- Cameron, G. R., tissue responses to ACTH and cortisone (*By title*), 960
- Cameron, Kenneth, and Prince, Gordon, the psychiatrist in the paediatric clinic, 1066
- Campbell, Dorothy Adams, the education and employment of the blind and partially sighted (*Disc.*), 980
- Campbell, Maurice, the surgery of the heart and great vessels (*Disc.*), 1003

- Campbell, R. T.** (for J. C. Goligher), chronic varicose ulcer with pseudo-epitheliomatous hyperplasia, 923
 (for A. Dickson Wright), multiple myelomatosis (plasmacytoma type) first diagnosed in 1936 and showing an unusual distribution culminating in cutaneous and muscular deposits, 408
- cancer** of uterus, cytological diagnosis (*Discussion*), 305
- canine**, displacement of, in a tiger (Sir Frank Colyer), 58
- canthorhinotomy**, two cases (D. S. Stewart), 979
- Cantlie, Sir Neil**, industrial health in the Army (*Disc.*), 112
- Capper, W. M.**, post-gastrectomy syndromes (*Disc.*), 777
- carcinogenesis**, chemical (A. Haddow), 263
- carcinoma**, bowel obstruction due to, management of (*Discussion*), 779
- cardiomegaly** with pseudohypertrophic muscular dystrophy (L. G. Kiloh and S. Nevin), 694
- cardiospasm**, lipoid pneumonia in case of (S. Kenny), 407
- cardiovascular system**, surgery of (*Discussion*), 995
- Carey, C. Gill**, see Gill-Carey, C.
- Carleton, Alice B.** (*Disc.*), 679
- carpal lunate bone**, Kienböck's disease (F. C. Durbin), 482
- Carter, A. F. Foster**, see Foster-Carter, A. F.
- Carter, R. E. Bonham**, sickle-cell anaemia, see Pritchard, P. M. M.
 the treatment of congenital hypertrophic pyloric stenosis (*Disc.*), 1063
 and Lovel, Keith W., congenital stenosis of the trachea and other congenital abnormalities, 293
- Case, R. A. M.**, some aspects of occupational tumours of the bladder (*By title*), 944
 (with P. M. Payne), demographical studies (*By title*), 944
- Cashell, G. T. W.**, anaesthesia in ophthalmic surgery (*Disc.*), 176
- Catterall, R. C. F.** (*Disc.*), 255
 chondroma of femur with sarcomatous changes, 247
- Cawadias, A. P.** (*Disc.*), 965
- Cawthorne, T.**, facial pain, 1033
 the pathology and surgical treatment of Bell's palsy, 565, 572
- Central Office of Information** (for the Ministry of Health), film—"cancer of the breast" (*By title*), 1012
- cerebral calcification**, microcephaly, internal hydrocephalus and chorioretinopathy (A. Bogdan), 225
 patchy (R. C. Lightwood), 228
 dysrhythmia, diagnosis by method of photic stimulation (R. S. Hodge), 321
 palsy (*Symposium*) 82
- cerebrospinal lipidosis**, retina in (J. G. Greenfield), 686
- cerebrovascular diseases**, allergic origin of (H. Miller), 852
 less common (*Discussion*), 845
- cervical dilatation and uterine contractility** (S. R. M. Reynolds), 695
 sympathetic trunk, effect of electrical stimulation on cochlear microphonic potentials (J. C. Seymour and J. W. Tappin), 755
- cervico-facial actinomycosis** (A. B. MacGregor), 55
- cervix uteri**, activity and response to drugs (H. O. Schild), 869
 in ruminants (R. J. Fitzpatrick), 870
 anatomy of, in pregnancy (P. E. Hughesdon), 871
- Chamberlain, Digby**, the operative and conservative treatment of perforated peptic ulceration (*Disc.*), 273
- Champneys, Sir Weldon Dalrymple**, see Dalrymple-Champneys, Sir Weldon
- Charteris, A. A.**, the importance of radiotherapy in the treatment of ankylosing spondylitis (*Disc.*), 446
- chest wall, haemangiomas** of, associated with local gigantism of fingers (A. Elkeles), 917
- child psychiatrist and the paediatrician** (K. Cameron and G. Prince), 1066
- childhood**, cyclical vomiting and allied periodic disorders of (*Discussion*), 719
- children**, social background of healthy (J. Landon), 1065
- chondro-ectodermal dysplasia** (S. D. V. Weller), 731
- chondroma** of femur, sarcomatous changes in (R. C. F. Catterall), 247
- chorioretinopathy** associated with cerebral damage in childhood (A. Bogdan), 225
- Church, R. E.** (*Disc.*), 880
 (for C. H. Whittle), necrobiosis lipoidica diabetorum resembling deep type granuloma annulare (two cases), 359
- Clark, David B.** (for Macdonald Critchley), hereditary atactica polyneuritisformis (Refsum's syndrome), 689
- Clarke, H. Osmond**, bilateral femoral supracondylar osteotomy, see James, N. E., and Dunn, H. G.
 hypervitaminosis D, see James, N. E., and Dunn, H. G.
 resistant rickets, ? incomplete Fanconi syndrome, see James, N. E., and Dunn, H. G.
- Clarke, S. Henry C.**, bilateral oxalate calculi in a girl of 3 years with apparently normal kidneys (*By title*), 442
- Clarkson, Patrick**, the treatment of burns in large numbers (*Disc.*), 594
 and Rushton, Martin A., unilateral condylar hypertrophy (mandible), 250
- claudication**, intermittent, arterial condition in (A. M. Boyd), 985
 treatment (*Discussion*), 983
- Clayton, Barbara E.** (with F. T. G. Prunty, B. W. L. Brooksbank and R. R. McSwiney), metabolic reactions to the administration of ACTH (*By title*), 919
- cleft angle** (Sir Frank Colyer), 652
- Clemmesen, Svend**, some studies of muscle tone, 637
- "clicking jaw"**, problem of (V. E. Ireland), 363
- Cloake, P. C. P.**, some common cerebrovascular diseases (*Disc.*), 847

- clubbed fingers in association with thyroid disease (R. Greene), 159
- clubfoot, relapsed (A. T. Fripp), 873
- Clutton, Henry Hugh, centennial note on (W. R. Bett), 71
- cochlear microphonic potentials, effect of sympathetic stimulation on (J. V. Seymour and J. W. Tappin), 755
- Cohen, E. Lipman (*Disc.*), 246
- Collier, H. O. J., problems of developing muscle-relaxants in the laboratory, 627, 636
- Collier, Josephine, the pathology and surgical treatment of Bell's palsy (*Disc.*), 569
- Collins, Douglas H., gout (*Disc.*): the pathogenesis of gout and gouty arthritis, 288
- coloboma of eyelid (M. H. Whiting), 184
- colon obstruction, biochemical changes in (E. W. Grahame), 424
- colostomy, primary epithelial apposition in (D. H. Patey), 423
- colour in radiography (G. E. Donovan and G. Jones), 616
- Colver, T., dermatomyositis with retinitis (*By title*), 12
- Ehlers-Danlos syndrome (*By title*), see Hills, M.
- idiopathic precocious puberty (*By title*), see Thornton, K. B.
- late fundus changes in a case of dermatomyositis (*By title*), see Nutt, A. B.
- Colyer, Sir Frank, asymmetry of the dental arch in a Toque monkey, 60
- a note on the dental key, 652
- a rare displacement of a canine in a tiger, 58
- coma, hypoglycæmic, biochemical aspects (W. W. Kay and A. S. Thorley), 973
- (A. S. Thorley and W. W. Kay), 969
- Compston, Nigel D., ? disseminated sclerosis and angioneurotic oedema, 692
- condyle, mandibular, adaptation after fracture (A. MacGregor), 373
- hypertrophy (P. Clarkson and M. A. Rushton), 250
- conjunctivitis, chronic and recurrent (F. W. Law), 181
- connective tissue nævus, two cases (R. H. Meara), 676
- consciousness, cerebral basis of (W. Russell Brain), 37
- physiology of (J. W. Lovett Doust), 347
- Cooper, P. A. (for B. Gottlieb), alkaptonuria with ochronosis, 917
- Coopeman, W. S. C., Andrew Ure, M.D., F.R.S. (1778-1857), 655
- cornea, cystine deposits in, with Fanconi's syndrome (A. B. Nutt), 979
- oedema of, and congested red eye (P. McG. Moffatt), 183
- coronary arteries, calcified aneurysms of (J. J. Kempton), 733
- corpus callosum, degeneration of (T. McLardy), 685
- Cowell, Sir Ernest, air evacuation (*Disc.*), 950
- cranial nerve, 8th, anatomy of (C. C. D. Shute), 1013
- nerves, paralysis of, and deformity of little fingers (R. C. MacKeith), 731
- craniosynostosis (B. M. Laurance), 299
- Crick, R. P., a contribution to glaucoma pathology (*Disc.*), 188
- Cridland, Nigel, watery eye, chronic and recurrent conjunctivitis, eye strain with small refractive error, vitreous opacities (*Disc.*), 183
- Critchley, Macdonald, hereditary atactica polyneuritisformis (Refsum's syndrome), see Clark, D. B.
- parietal lobe syndromes (*Disc.*), 337
- Crosby, G. J. V., headaches (*Disc.*), 541
- Crowley, C., aspects of industrial hygiene in Maintenance Command, Royal Air Force, 107
- Curran, Desmond, headaches (*Disc.*), 544
- Cushing's syndrome, mixed type (A. W. Spence), 161
- cyclical vomiting and allied disorders of childhood (*Discussion*), 719
- cyst, dentigerous, histological changes in (P. A. Toller), 50
- cystinosis, generalized, with cystine deposits in cornea (A. B. Nutt), 979
- cytology in the diagnosis of cancer of the uterus (*Discussion*), 305
- Darling, A. I., a case of complete cemental metaplasia of the dental pulp, 57
- Davidson, Samuel, X-rays and their value in the localization of the placenta (*Disc.*), 709
- Davies, Hugh, myelography (*Disc.*), 881
- Davis, E. D. D., the approach to the nasopharynx (*Disc.*), 357
- sympathectomy in relation to Ménière's disease, nerve deafness and tinnitus: a report on 110 cases (*Disc.*), 772
- Davis, J. C. Ainsworth, see Ainsworth-Davis, J. C.
- Davis, P. S. (for P. Harvey), streptococcal meningitis with "non-specific" myocarditis, 923
- Davison, George, the treatment of congenital hypertrophic pyloric stenosis (*Disc.*), 1061
- Davison, M. H. Armstrong, the use of hypotensive drugs in surgery (*Disc.*), 832
- deafness, perceptive, effect of sympathectomy on (E. R. G. Passe), 760
- Debré, Robert, the indications for streptomycin and para-aminosalicylic acid in primary tuberculosis in children, 1067
- deformities, rachitic (J. G. Taylor), 467
- deglutition, mechanism (G. M. Ardran and F. H. Kemp), 1038
- De Mowbray, R. R. (with P. M. F. Bishop), post-partum Simmonds' disease with subsequent pregnancy and spontaneous improvement, 163
- pseudohypoparathyroidism, 952
- Dempster, K. R. (with C. S. N. Swan), cytology in the diagnosis of cancer of the uterus (*Disc.*), 306
- denervation, electromyography in (A. T. Richardson), 992

- dental arch, asymmetry of, in monkey (Sir Frank Colyer), 60
 key, note on (Sir Frank Colyer), 652
 pulp, cemental metaplasia of (A. I. Darling), 57
- dentigerous cyst, histological changes in (P. A. Toller), 50
